

MARK BATINICK

STATE REPRESENTATIVE

97TH DISTRICT

working to cut wasteful spending and increase government efficiency

Dear Friends and Neighbors:

I write in support of my friend and fellow champion of reform and liberty, Scott Gryder.

As someone who has fought to improve Illinois' jobs climate and strengthen the quality of life for families in the 97th District, I know how difficult it is for public officials to fulfill their role as servant leaders who prioritize their constituents needs versus playing politics to promote their personal interest.

In the years I've known Scott, whether working together to fight crime in Boulder Hill, or examining how best to ignite a renaissance in constitutionally based governance that truly serves citizen's needs, I have witnessed Scott in action to be a man of principles who refuses to compromise his beliefs in order to get ahead.

We face a crisis of leadership in Washington where Joe Biden's policies hamper our economic growth, energy independence, education, and freedoms. We are represented in Congress by liberal Lauren Underwood, whose refusal to serve as a check on her far-left allies leaves us precariously positioned to face an uncertain future.

The good news is, this election is shaping up to be a historic rebuke of the people and policies that have taken us so far off course. Even better, we have a real opportunity to remove Lauren Underwood from office this November by electing Scott Gryder to Congress as our Representative from Illinois' 14th District.

Scott's proven conservative leadership is exactly what we need in Washington.

Rather than more of the same – higher taxes, inflationary spending, and increasing government intrusion – Scott Gryder will bring his pro-growth, pro-family, pro-freedom agenda to Congress where he will get the job done for us.

We need change. We need a fighter for working families. We need Scott Gryder in Congress and I ask you to join me in supporting Scott with your vote on June 28.

Sincerely,

Mark Batinick
State Representative (HD-97)
Floor Leader, House Republican Caucus
